IN BUSINESS

 Volpi's is a hometown pleasure. The food is great, the atmosphere is great.
We meet there with the ""girls group"" every so often and we always...

CRUISE-IN INFORMATION

For those yacht club members whose clubs are also members of P.I.C.Y.A please call 707- 765-9725 to arrange cruise-ins to our club house and the Petaluma Basin. Rear Commodore Leland Fishman lfishman@fishmansupply.com coordinates cruise ins

Our Clubhouse

Haystack Landing Bridge

The Haystack Landing Bridge is operated by SMART Rail Operations Center. The drawspan will remain in the open position unless a train is approaching. If you have a large vessel, planned excursions, events, large groups of vessels, a specific date & time to transit the draw, or if wind/tide conditions limit your ability to maneuver please contact the Bridge Tender or SMART Rail Operations Center in advance to coordinate at (707) 890-8650. When onsite the Bridge Tender will monitor marine channels 16/9. As appropriate the Bridge Tender will respond to audio or visual signals with the bridge horn.

PROJECT LOCATION AND DESCRIPTION

The Petaluma River is located on San Pablo Bay in Sonoma and Marin Counties, California. Operations and Maintenance (O&M) provides for dredging of a channel 200 feet wide to a depth of -8 feet Mean Lower Low Water (MLLW) across the flats in San Pablo Bay to the mouth of the river (Across-the-Flats Channel), 100 feet wide and -8 feet MLLW thereafter to Western Avenue in Petaluma (River Channel), and a turning basin 300 to 400 feet wide to -8 feet MLLW. The Non-Federal Sponsor (NFS) is responsible for providing a suitable upland placement site.
